

# 788606

**Esser**

## HOUSING FOR ESSERNET SERIAL INTERFACE

- Communications kit for connecting external devices through > essernet network.
- The equipment is supplied with: > 788606 surface mounting box. > 784856 Essernet/EDP serial interface. > 772386 RS232/V24 bidirectional interface.
- Operating voltage: 10.5 to 28Vdc.
- Standby consumption: 60mA approx. at 12Vdc.
- Operating temperature: -5°C to 50°C.
- For the box Protection index: IP31.
- Shell: ABS.
- Color: white and blue front.
- Dimensions: 270 x 221 x 71mm. > > Precise: essernet 62.5kBd network micromodule 784840.10 > or essernet 500kBd network micromodule 784841.10. > Depending on the central network to which it is connected.
