VTM115+Surface mounted Box

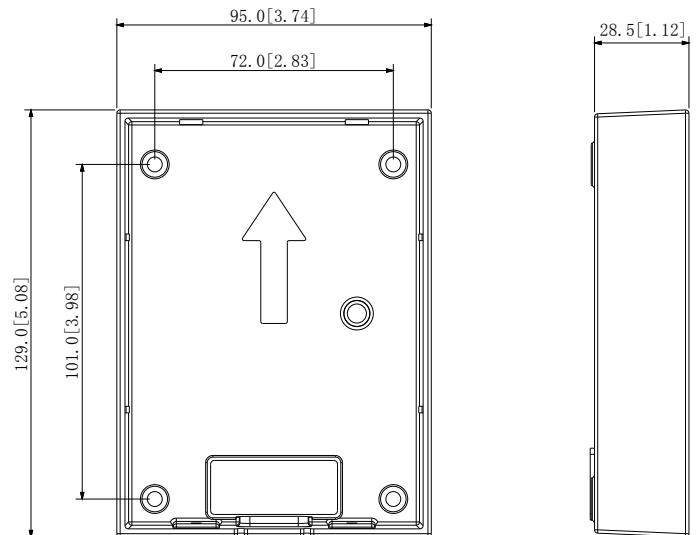

· Material:AL5052 t=2.0mm
· Dimensions: 129.0mm×95.0mm×28.5mm (5.08"×3.74"×1.12")

Installation

Dimensions (mm[inch])

Step1   With the help of installation diagram, hammer four expansion screws into the wall.

Step2   Install the waterproof silica gel pad on the mounting box from the back of the mounting box.

Step3   Put four waterproof rings on four ST4×25 self-tapping screws.

Step4   Install the mounting box on the wall by screw the four ST4×25 self-tapping screws into the expansion screws.

Step5   Put the VTO into the mounting box.

Step6   Fix the VTO to the mounting box by screwing two M3×8 screws from the bottom of the mounting box.
