F01587

SWITCH POE 8 PORTS

Reference	EAN
1587	8424299015873

Description.

Description

- This switch complies with the IEEE 802.3af/at standard.
- Provides power to IP devices that meet this standard, through one of its 4 PoE ports.
- UP LINK ports are used for interconnection with other devices on the network.
- LEDs built into each port indicate operating status.
- PoE technology allows you to reduce installation costs by avoiding the need to power the devices through external power.

Technical Details

Includes 220V power adapter

- 8 PoE 10/100Mb/s ports (data and power transmission)
- 2 10/100Mb/s ports (UP LINK)
- Allows cable lengths up to 100m
- 30W for each PoE port, for devices that comply with the IEEE802.3af/at (PoE+) standard
- Supports auto-learning and auto-aging of MAC addresses (1K)
- Includes additional installation elements.
